Jan 2017  
Dear Parents,

Season's Greetings and warm regards. I once again address you with heartfelt gratitude for being there with us for the impervious single-minded aim to bring about wholesome development of the school and excel in the field of education so that in the coming session we are reckoned with the upper bracket of schools in Kolkata.

But it is well high impossible to hold on the present standard and achieve further goal of the well being of your ward without your active support against the odds of no hold bar price line coupled with liabilities of periodic salary hikes.

As you are all conscious and hence needless to remind that every endeavor has a cost and academic pursuit is no exception. So, review, revision and upgradation of this cost factor is a constant process to be reckoned with for uninterrupted maintenance and up keeping of the quality of education.

All infrastructural up gradation has in no way shifted our focus from education. In fact, it has just helped make the quality of teaching take an uphill leap. If the past few years' result is to be analyzed, the ICSE board exams have shown remarkable improvement, with our own students being able to achieve ranks in the ISC examination at the State and All India level. Therefore, keeping the all-round development of the school unabated, the change of the present fee structure has become necessary. The management after due deliberation has decided to change the fee structure,

We would like to acknowledge whole heartedly the support received from all concerned in this venture towards the distinction of the school in present times. You have held our hands in taking the school onward to its present-day standing and credit.

The students come away from a home to a home, such is the sheltered and sociable ambience of the school. We at our end, exert to provide an exclusive and attractive platter of balanced education alongside co-curricular activities and frequent skill related, challenging activities.

However, with the escalating costs of operation of the school, we once again seek you support and trust in us, thereby requesting you to share our financial baggage from the academic session 2017-18 commencing April 2017, with a proviso for further revision necessary as a consequence of increase in costs of running the school. We are confident that we you will be by our side as the progress and accomplishment of each child is as much our concern and joy as is yours.

Keeping in mind your support from past, we would like to take this opportunity to thank you in advance for considering our concern and involving yourself in this joint endeavor to run the school at its best. Hence after careful consideration of all aspects, it has become incumbent upon management to revise the fee structure for the time being in the following major heads only, to be effective from the academic session 2017-2018,

**The following are the details of the revised fee structure form April 2017.**

**Session fees to be increased by Rs 1000/- To be paid once annually (From Rs 3000/- per year to Rs 4000/- per year)**

**Examination Fees to be increased by Rs 100/- To be paid once annually (From Rs 400/- to Rs 500/- per year)**

**Miscellaneous Fees to be increased by Rs 100/- To be paid once annually (From Rs 400/- to Rs 500/- per year)**

The increase amounts to only Rs 100/- per month (Rs 1200/- per year) additional and I am sure each parent will support and appreciate this minimum increment.

Thanking you  
Yours sincerely,

Pradip Sheth
