

THE BGES SCHOOL (ICSE)  
ICSE BATCH 2012

*Woh sunahare pal...*

**Shri. Champaklal A. Doshi (Chairman)**

We are all inventors, each sailing out on a voyage of discovery, guided each by a private chart, of which there is no duplicate. The world is all gates, all opportunities. We in the BGES create an atmosphere and fill it with modern techniques so that you can walk through the gates with confidence and positive attitude.

**Shri. Miraj D. Shah (Vice Chairman)**

Life has no smooth road for any of us and in the bracing atmosphere of high aim the very roughness stimulates the climber to steadier steps, till the legend, over steep ways to the stars, fulfills itself.

**Shri. Pradip Sheth (Secretary)**

If you want to succeed in the world, make your own opportunities as you go on. The man who waits for some seventh wave to toss him on dry lands will find that the seventh wave will take a long time to come. You can commit no greater folly than to sit by the roadside until some one comes along and invites you to ride with him to wealth or influence. Thus BGES has given you the force through modern education and humility to swim through the waves with skill and aptitude.

**Shri. Dinesh Chandra Mehta (Executive Secretary)**

Nothing contributes so much to tranquilize the mind as a steady purpose--a point on which the soul may fix its intellectual eye. We in the BGES inspire you to be morally worth and academically proficient through visual based teaching and inspiring.

**Shri Brij Bhushan Singh (Headmaster)**

Strength should be distilled through wisdom. The strongest is never strong enough always to be master, unless he transforms strength into right and obedience into duty. Dear students always be righteous and dutiful and only then will you be truly successful.

**Ms. Mridula Nagar (Deputy Headmistress)**

To paraphrase Rudyard Kipling, if you ever meet with Triumph and Disaster, then treat these two imposters just the same. Walk with kings, but never lose the common touch. Dear students as you journey along life's highway, remember the wisdom of these words. Be a steady rock to thwart all the winds of temptation.

# Remembrance

My school gave me a platform. Each and everyday of this school is memorable. I made new friends & this school made me learn new things.

  
Abhijit Puhan

Memory is a way of holding on to the things you love, the things you are, and the things you never want to lose. Memory is a way of holding on to the things you love, the things you are, and the things you never want to lose.

Back on its golden hinges the gate of memory swings and my heart goes into the garden and walks with the olden things.

School is like a second home for us. We get to learn many things from school. For giving better education the school provided educomp in every class. Events like annual functions, debates, etc., gives students chance to show their talents.

I will miss the school campus, the school environment - all the moments related with teachers and my friends. The fun of hanging around the corridors when there were no teachers - will be missed. The day when we broke the window on our "Special open house" day will be missed. Those small fights between friends and then wiping the tears will be missed. Even those bench writing fun with the marker will be missed. I will miss each and every moment that I spent in this school - be it with teachers, friends or the D group members !!

School to me is like the Merry west wind that comes from the land of John Masfield. Like the west wind from the land of John Masfield instils happiness and refreshment in the poem similarly the school instils me with qualities, education and humour. This would explain why I love my school. Thus after leaving the school I would also miss everything.
